

UZIN RG 194

Solvent-free cleaning concentrate, for dilution with water, for old floor finishes and contaminated surfaces

Description:

Cleaning concentrate, for dilution with water, for old floor finishes with maintenance product residues and for heavily soiled surfaces.

Especially suitable for cleaning:

- ▶ all types of water-resistant surfaces
- ▶ existing floor finishes, such as PVC, lino, ceramics, etc.
- ▶ cement screeds, concrete, metal, plastics, etc.
- ▶ tools, brushes, rollers, etc.

Application:

- 1. Dilution:** for thick or well-bonded contamination, use neat or diluted with up to an equal volume of water; for light soiling, use diluted with 5 to 20 times the volume of water. For mechanical cleaning, dilution with up to 100 times the volume of water can be used (1 part UZIN RG 194 ; 100 parts water).
- 2. Cleaning:** apply the cleaning agent to the contaminated surface using a brush, mop, roller or similar and allow to penetrate for 15 – 30 minutes. First scrape off thick layers of contamination and then brush or scrub the surface. Remove the slurry with a cloth and rinse off with water, repeating as necessary. Leave the cleaned surface to dry.
- 3. Cleaning tools:** soak the tools in undiluted cleaning agent. After an appropriate soaking time, wash with water. Test any parts or surfaces to be treated before use.

Protection of the Workplace and the Environment:

Solvent-free. Non-flammable. The use of barrier cream and protective gloves is recommended. In the event of skin contact, wash with plenty of soap and water. In the event of contact with eyes, rinse immediately with water.

Product Properties / Benefits:

Water-based cleaning concentrate for use neat or diluted. Powerful effect, dissolving even oily, fatty, waxy or otherwise strongly bonded contamination, residues of maintenance products, etc. Less aggressive than solvent cleaners.

Composition: tensides, phosphates, alkaline salts, dissolving agents, water.

- ▶ Solvent-free
- ▶ Dilutes with water
- ▶ Very economical in use
- ▶ Concentrated cleaning power
- ▶ Pleasant odour

Technical Data:

Packaging:	plastic canister
Pack size:	10 litre
Shelf life:	min. 12 months
Colour:	colourless, cloudy
PH value (1 %):	approx. 7.5

Disposal:

Empty, drip-free plastic containers, rinsed out with water, are recyclable [Interseroh]. Collect rinse water and product residues and re-use. Do not allow into drains, water courses or landfill. Containers with residual contents, as well as collected, liquid product residues, are Special Waste.
