Description:

Welcome fatigue relief for all the healthcare industry staff who stand for long periods! The Autoclavable mat is easily sterilised and safe to use in laboratories, operating theatres, radiology rooms and any other areas where complete hygiene control is necessary. The Autoclavable mat is non-porous, permanently anti-bacterial and fits flat into most standard autoclaves. Cleaning instructions are embossed into the mat and ramped safety edges ensure no trip hazard.

Product Information :

Wear Rating: Heavy use

Suitability: Any areas where hygiene is a priority or where moveable equipment must be sterilised.

Construction:

- Moulded SBR/Nitrile rubber with anti-bacterial.
- Domed surface design and substantial underside supports create ideal comfort level.
- Built-in safety edges on all sides include instructions for autoclaving.

Stock Colour: Light Grey

Stock Sizes: 0.61 x 0.91m
