

SG Petch are a family run multi-franchise car & van dealership with branches in Darlington, Durham, Middlesbrough, Richmond and York. The Darlington branch wanted to improve their facilities from a customer perspective and finding the right floor was a crucial part of the process.

## The Challenge

SG Petch have an excellent relationship with some of the world's leading automotive manufacturers, specifically Mazda, Peugeot, Kia, Fiat and Hyundai at the Darlington branch. Modern Innovations such as video health checks mean their customers can see their cars being worked on in the garage so a professional environment is paramount.

Location: Darlington

Space: 220m<sup>2</sup>

1. As one of the UK's leading independent car dealers, SG Petch needed a smart hardwearing floor that minimised costly downtime and that could be fitted with the least possible disruption to customers and employees.
2. It was important to ensure that SG Petch's focus on quality and professionalism was reflected in the appearance of its premises.
3. The tiles needed to be exceptionally robust, durable and easy to maintain to cope with the stress of a busy garage environment.
4. As a committed employer, SG Petch was keen to make the working environment as safe and comfortable as possible.

## The Solution

Market-leading manufacturer of interlocking floor tiles, Ecotile, designs and produces its comprehensive range at its UK production facility - providing durable and safe flooring solutions that can be installed with minimal disruption in commercial and industrial applications around the world.

"Our interlocking floor tiles are frequently chosen for expansion and re-fit flooring projects within the commercial garage sector as they offer some vital benefits in this demanding environment."

*James Gedye - Managing Director, Ecotile.*

"We chose Ecotile as it was the most cost-effective solution in comparison with paint and ceramic tiles. Additional benefits include the safety and comfort of the working environment; it seems much warmer. I wouldn't hesitate to recommend Ecotile to anyone searching for an attractive heavy duty floor"

*David Gordge, Service Manager, SG Petch*

## A Sustainable Solution

All Ecotiles come with a 10-year product warranty as standard. Manufactured using the highest grade material, once the tiles have reached the end of their useful life, we will collect the tiles – free of charge – and recycle them to produce the next generation of Ecotile.
